

**Notification for Stakeholders about
Resumption of Court Business
from 23 March 2020
(position as at 20 March 2020)**

(I) Resumption of Court Business

The Judiciary previously announced that the General Adjourned Period (“GAP”) would end on March 22 if public health situation permits. Having considered the latest public health situation and all the other relevant factors, the Judiciary considers that while GAP may end on March 22 as scheduled, enhanced health preventive measures would need to be introduced for court proceedings and court users coming to court buildings. Moreover, some of the measures introduced during GAP to reduce people flow and crowds at court buildings will need to continue until further notice.

2. Parties, legal representatives and other court users are reminded that they should not come to Judiciary premises to attend court proceedings or conduct business at court registry/accounts office if they are subject to quarantine requirement or medical surveillance of the Government. Please also see paragraph 20 below.
3. **Stakeholders are also reminded that they should read this notification carefully and act accordingly.**

(II) Court Proceedings

(A) General Resumption of Court Proceedings

4. Despite the end of GAP, hearings will be reduced in the initial period of resumption having regard to public health concerns as well as to facilitate orderly resumption. Parties have been or will be notified whether their hearings originally listed in this period will proceed as scheduled, to be adjourned by

consent for paper disposal or to be re-fixed. Parties will be given lead time to prepare if the hearings are to proceed as scheduled.

5. Details of some of the general arrangements for the different levels of courts to facilitate gradual and orderly resumption of court proceedings were announced on March 6. The relevant extracts are set out at **Annex A**.

6. For the Magistrates' Courts ("MCs"), normal operation will resume on weekdays. For Saturdays and holidays, the usual arrangements for Saturday or Holiday sitting will apply.

7. Besides, there will be some general enhanced crowd control measures for court buildings. Details are set out in paragraphs 19 to 23 below.

(B) **Special Email Accounts**

8. During GAP, special one-way "no-reply" email accounts have been set up to enable the electronic submission of documents to :

- (a) the Duty Judges; and
- (b) the court for specified purposes, including lodging documents, submissions and authorities etc. with the court to facilitate paper disposal.

In the light of the prevailing public health situation, these email accounts will continue to be available for use until further notice.

(III) Registry Operations

9. Court registries have re-opened in a staggered and progressive manner from March 9 to 19. During the initial

period following the re-opening of the court registries, the Judiciary has put in place some special arrangements to deal with the generally expected high volume of registry business. With the workload of most of the registries having gradually returned to a more normal level, beginning the week of March 23, the special arrangements will be removed for most of the registries while some refinements will be made to the other registries.

10. Importantly, the suspended business of all the registries will be resumed.

11. Details of the arrangements for the registries are set out in paragraphs 12 to 18 below. There may be further refinement on account of the actual operational experience. Moreover, while these arrangements will generally last until March 31, some of them may be further extended on a need basis, in which case the Judiciary will make further announcement.

(A) Court of Final Appeal (“CFA”) Registry

12. Except the general crowd control arrangements set out in paragraphs 19 to 23 below, all special arrangements for the CFA registry will cease.

(B) High Court (“HC”) Registries

13. The following refined special arrangements will be in place for the HC registries :

- (a) court users intending to do filing and other registry business (including making the related payment at the accounts office) must access from LG4 of the High Court Building (“HCB”);

- (b) there will continue to be a ticketing and, if necessary, a triage system. Each ticket normally admits one person; and
- (c) for filing of originating process, parties and legal representatives are advised to first make payment of the prescribed fee at the accounts office before going to the registry.

(C) District Court (“DC”) and Family Court (“FC”) Registries

14. The following refined special arrangements will be in place for the FC and DC registries :

- (a) court users intending to do filing and other registry business (including making the related payment at the accounts office) must access from G/F of the Wanchai Law Courts Building (“WLCB”), unless specifically directed to do otherwise;
- (b) there will continue to be a ticketing and, if necessary, a triage system. Each ticket normally admits one person. There will be no restriction on the number of transaction that may be handled with one ticket; and
- (c) for filing of originating process, parties and legal representatives are advised to first make payment of the prescribed fee at the accounts office before going to the registry.

(D) Lands Tribunal (“LandsT”) Registry

15. The following refined special arrangements will be in place for the LandsT registry :

- (a) court users intending to do filing and other registry business or make payment at the accounts office must access from the main entrance of the LandsT;
- (b) there will continue to be a ticketing and triage system for court users intending to use the registry at the LandsT. Each ticket normally admits one person; and
- (c) there will be a separate queue for litigants in persons intending to file originating process.

(E) MC Registries

16. Except for the general crowd control arrangements set out in paragraphs 19 to 23 below, all special arrangements for the registries of MCs will cease.

(F) Labour Tribunal (“LabT”) Registry

17. The following refined special arrangements will be in place for the LabT registry :

- (a) court users intending to do filing and other registry business or make payment at the accounts office must access from the main entrance of the related court building; and
- (b) there will be a ticketing system for court users intending to use the registries/accounts office at the LabT. Each ticket normally admits one person;

(G) Small Claims Tribunal (“SCT”) Registry

18. The following refined special arrangements will be in place for the SCT registry :

- (a) court users intending to do filing and other registry business or make payment at the accounts office must access from the main entrance of the West Kowloon Law Courts Building; and
- (b) there will be a ticketing system for court users intending to use the registries/accounts office of the SCT. Each ticket normally admits one person.

(IV) Preventive Measures and Crowd Management

19. Having regard to the prevailing public health situation, the Judiciary considers it necessary to continue putting in place a whole range of preventive measures and crowd management arrangements to regulate the people flow within the Judiciary premises, and avoid any gathering of crowds in confined areas including courtrooms and registry areas.

20. Court users who are subject to any quarantine requirement or medical surveillance of the Government should as soon as practicable apply to the court for permission of absence/inform the court with reasons for absence as appropriate.

21. The preventive and crowd management measures which have been implemented earlier during GAP will remain in force and a few measures have been strengthened. They include :

- (a) court users are required to undergo body temperature check and wear a surgical mask before they are allowed to enter and remain in the court premises. Any court user who has a fever / refuses to undergo body temperature check / does not wear a surgical mask will be refused entry into or directed to leave the court premises;
- (b) court users entering the court premises are required to walk on the disinfectant floor mat at the entrances;

- (c) cleaning and disinfection of public areas, frequently-touched surfaces (such as door handles, lift buttons and escalator handrails) and public toilets are performed at a higher frequency;
- (d) the Canteen in the High Court Building and the Tuck Shop in the West Kowloon Law Courts Building will remain closed having regard to public health considerations;
- (e) to maintain social distancing, the seating capacity of courtrooms and lobbies are reduced by about 50%. In addition, capacity limits are set for confined areas such as registries and account offices to avoid crowding of users; and
- (f) court users are strongly advised to maintain good personal hygiene at all times and disinfect their hands frequently during their stay in the court premises. Alcohol-based handrub is provided at entrances, registries and courtrooms of all Judiciary premises.

22. Queuing, ticketing and triage system that are necessary to support the above arrangements, as well as security controls to limit the number of court users entering and remaining in the Judiciary premises, will be put in place as appropriate.

23. Court users are strongly advised to check the updated information from the Judiciary's website, and follow the advice of the Judiciary staff and security personnel when they attend for court businesses.
